PETITE REVERY BRAND INTRODUCTION

Petite Revery or “Little Daydream” by Nest Designs (from Vancouver, Canada) is made for the little dreamers in your life. A tribute to their “child-like” wonder, our clothing celebrates a time of imagination where the simplest things become a gateway to a wondrous new world.

As a company, we are committed to reducing our impact on the environment. We carefully select materials that are high-quality and low impact to the Earth.

Petite Revery is also proud to be members of 1% for the Planet. As a member, we donate 1% of our sales, not profits directly to environmental organizations that are committed to making the planet a better place.

PETITE REVERY SS25 **SUMMER SEAFARER**

This lovely spring summer season 2025, Petite Revery ships our little summer seafarer out to sea, in a cloudy sailboat ready for new adventures! Crossing calm seas of cloudy blues and sandy taupes, under sunsets of mellow yellows for a nostalgic vacation by the sea. Come sail with us!

Que sera sera, whatever will be will be. Sea La vie !
